

CHILDREN'S PARTY FUN

Spend one hour at WIZARD SCHOOL with Wizard Suz!

It's an hour of fun for children as they learn how to be a wizard!

The scene is set as the author, Suzanne Saad (Wizard Suz), reads her book "With My Imagination" to get their imagination flowing so they are ready to pretend to be wizards together.

Then, it is time for Wizard School, the children will make their own magic wand, create a lucky charm, a special potion and cast a few spells! They will also learn the secret wizard handshake and take the sacred wizard oath!

Suzanne uses fun activities to bring home two key messages to children:

"You can be anything you want to be. It all starts with using your imagination."

"You are so special. You have so much goodness inside you to give to others."
