

## "With My Imagination" Preschool Storytime Session

Presented by the Author Suzanne Saad, the session is...

### Entertaining...

It includes story reading, songs, drama games, dress-ups, colour play, craft and book signing!

### Educational...

This session encompasses the key preschool developmental areas of the curriculum: physical (gross and fine motor), social/emotional (interpersonal skills & self-esteem), cognitive (language) and creative/aesthetic (art & craft, music, drama and dance). And to help school readiness the session has specific links to the K-6 PD/Health/PE syllabus (early stage one outcomes).

Suzanne hopes every child remembers:

"It's great to use your imagination everyday", "It's so much fun to learn and play"  
and most importantly, "I love being me"!
